Meeting Schedule

WORKSHOP #1
February 11,
2025

Kick Off Meeting

- Project Introduction
- School Tour
- Introduce Vision and Guiding Principles
- Prioritize Goals

WORKSHOP #2
February 18, 2025

Classrooms

- Continue Project Vision and Guiding Principles
- General Classrooms
- Specialty Classrooms (DLC, Science and JROTC)

WORKSHOP #3
February 25, 2025

Entry Area

- Finalize Project Vision and Guiding Principles
- Administration
- Security
- Entrance Visioning

WORKSHOP #4
March 18, 2025

Support Functions

- Technology
- Maintenance
- Building Materials
- Custodial
- Restrooms

WORKSHOP #5
March 25, 2025

Site

- Fields
- Parking
- Site Circulation
- Intersection
- Signage

WORKSHOP #6
April 22, 2025

Wrap Up Meeting

- Review of previous workshops and directions given
- Planning concepts for the addition and renovation areas

Hopes and Dreams

BCRA led the **Educational Specifications Committee** in a collaborative workshop where committee members shared hopes, dreams, and fears to shape a collective vision and guiding principles aligned with bond goals and student success. This collaborative approach aimed to translate the district's aspirations into actionable plans, connected to both community and environment.

Vision

BUILD THE HILL

Serving the community, expression of pride, student success and contribution.

Guiding Principles

- GENERA**
- Success – within budget, time, and scope
 - Manage Expectations
 - Understand Future Needs

- SCOPE/PRO**
- More Learning Spaces
 - Dedicated Use of Learning Spaces
 - Optimized Storage
 - Improved Athletic Facilities
 - Integrating Existing & New

- QUANTITAT**
- User & Learner Centered
 - Efficient Flow, Wayfinding Teacher Movement
 - Celebrated Entry
 - Safe & Secure
 - Durable, Cleanable, Maintainable
 - Celebrate Mountain View

- FUTUR**
- Plan for Growth, Change and Flexibility

Classroom Bubble Diagram

Space Requirements

Net Area (SF):

- 900 SF (New), 1080 (Renovated)
- No. of Spaces:
- 10 (New), 2 (Renovated)
- Total Area: 9000 SF (New), 2160 SF (Renovated)
- Ceiling Height: 9'-6" Min
- No. of Student/Visitor Occupants: 33
- No. of Staff Occupants: 1
- Hours of Occupancy: During school

Purpose/Function

- Student Instruction

Activities

- Instructional - small group/ large group activities, student instruction

Adjacencies

- Other similar grade-level classrooms (or similar subject material classrooms)

Environmental Provisions

- Daylight is desirable, windows will not be operable
- The space should be acoustically quiet, both from internal and external sources to allow for a good working environment
- User control of thermostat within range determined by district standards

Built-in Casework Requirements

- Storage unit with 3 sliding white boards above base cabinets, tall storage cabinet, and tall wardrobe unit.

Security Requirements

- Lockdown shades on interior windows

Equipment Requirements

- Students have individual laptops
- Interactive flat screen TV on mobile TV cart
- 2 Whiteboards (with Map rail and flag holder) at main teaching wall
- 2 Whiteboards at secondary teaching wall
- Assisted listening device system
- 1 Telephone
- Front Row System
- Paper towel dispenser

Finishes

- Flooring - Carpet
- Walls - GWB w/ tackable wallcovering
- Ceilings - GWB/AC

Furniture

- Student tables or single desks
- Student chairs
- Teacher desk and task chair
- Mobile lectern/podium
- Soft Seating
- 2 Bookcases

Special Considerations

- Display area for student work
- Graphics showing school spirit

Future Needs

- None

Utility Requirements

- Power, data & phone lines required for equipment
- Data/voice for presentation and communication system
- Digital clock with intercom system
- Plumbing is not required for this space
